## ***Omaha Location Owner Praises Wurlitzer's National Consumer Advertising Program***

▶ Ted Silver, owner of Omaha's popular "Flame Bar", is a typical Wurlitzer location owner in his enthusiasm for Wurlitzer's National Advertising Program.

Says Mr. Silver, "Wurlitzer's National Advertising is a natural. It's producing results for us. People mention it when they're in here. They play our Wurlitzer more than ever. We're convinced that we made a wise move when we put the *Sign of the Musical Note* on our door. No other phonograph manufacturer ever did anything like this for us before."

Ted Silver's praise of Wurlitzer's program is echoed by thousands of other location owners. It's one reason why, all over America, Wurlitzer Factory-Approved Music Merchants are getting and holding the best locations. The Rudolph Wurlitzer Company, North Tonawanda, New York.

## From Rack to Turntable...

Every record on the AMI phonograph is a salesman as it travels smoothly through the air from rack to turntable and back again, after playing, from turntable to rack. It inevitably catches the eye of every patron who wants to see how this ingenious mechanism works.

Gladly does the music lover drop his nickels in intent examination of the only phonograph on the market which plays 20 records on both sides to give 40 selections.

# Concentrated Operations

By Bill Gersh

## "CO/NTOONS"

One of the newest facts which has developed from the introduction of different types of automatic music is that routes are gradually becoming much more highly concentrated. This is reported to make for more efficient operation. It cuts down on overhead expense. It brings bigger profits. It opens the way to numerous new locations to bring added revenue to the music operator. Most of all — it puts the music operator in the position of being a true specialist in a highly specialized business.

For years now operators concentrated exclusively on juke boxes and their complementary wall and bar boxes. But, since the start of the post-war period, operators have also added other types of music. This was done, first: in an effort to increase revenue and, second: to control locations within their operating area.

It is not surprising these days to note an operator featuring four different types of music. First and most outstanding on his list are his juke boxes. Second, he will have non-selective, single channel, timed music boxes which can be operated in drug stores, quick lunch-rooms, and other such types of locations where quick service is the feature and where people are constantly coming and going.

In addition, operators are also adding wired telephone music to their present routes. These are reported to require a large labor force and a complete promotional understanding of this type of music. In most cases the play here is at 10c and the locations are given only from 20% to 30% commission.

In keeping with the creation of studios where possible, for single channel; non-selective music and for double-channel; wired telephone music — the operator has also added industrial and professional as well as retailer music. This is considered a very simple extra to the wired music he is already selling. Where factory music is being sold the checks come in each month in advance, once the installation is made. The same is true of doctors' and dentists' offices, restaurants, banks, and other such locations, according to reports.

Since the operator is already in the vicinity with one type or another of these new developments in music,

he may as well sell everyone of the locations that he possibly can. Not only is this additional revenue, but, it means a more highly concentrated route which cuts down overhead expense.

"This is all leading to," one noted music leader stated, "an entirely new type of music operator." This man claims, "He will be a specialist in his field." He further says, "Since he is so well acquainted with the people in his territory and knows, because of his juke box operation, exactly the type of music they like, he is far ahead of any competition which can come along."

The operator of tomorrow will probably have a complete music studio along with his juke boxes. He will have locations on contracts. He will be obtaining a much better percentage of the collections. And he will be the "music specialist" in his area.

# HELP

## THE HOUSING SITUATION

What the Housing Situation  
Means for the People

The housing situation in this country is one of the most serious problems facing the people. It is a problem that affects every one of us, whether we are rich or poor, whether we are in the city or in the country. The housing situation is a problem that has been with us for many years, and it is a problem that is becoming more and more serious every day. The housing situation is a problem that is caused by many factors, and it is a problem that can be solved only by the action of the people.

The housing situation is a problem that is caused by many factors. One of the main factors is the shortage of housing. There are not enough houses to go around, and this is true in every part of the country. Another factor is the high cost of housing. The cost of housing is so high that many people cannot afford to live in a decent house. A third factor is the poor quality of housing. Many of the houses that are available are in poor condition, and they are not safe to live in.

The housing situation is a problem that can be solved only by the action of the people. The government can do much to help, but it cannot do it all. The people must take action to solve the housing problem. They must demand that the government do more to help them. They must demand that the housing situation be improved. They must demand that the cost of housing be lowered. They must demand that the quality of housing be improved.

The housing situation is a problem that is serious and it is a problem that is becoming more and more serious every day. The housing situation is a problem that affects every one of us, whether we are rich or poor, whether we are in the city or in the country. The housing situation is a problem that has been with us for many years, and it is a problem that is becoming more and more serious every day. The housing situation is a problem that is caused by many factors, and it is a problem that can be solved only by the action of the people.

# MEAT SHORTAGE HITS TAKE

## **Coinmen Advise Many Lunchrooms, Restaurants, Wagons Close Early.**

NEW YORK—Not only has the meat shortage hit homes thruout the land, but, reports are now being received by *The Cash Box* — that this shortage is also breaking down the take on a great many locations.

The president of a noted midwest coin machine association reported (via long-distance telephone) this past week to *The Cash Box* that many of the members of this organization had reported that their lunchroom, wagons and restaurant locations were "closing early" with the reason, "We're running out of meat."

This coinman advised, "Even hamburgers are hard to get in this area. And," he continued, "some of my locations tell me that they're going to close up altogether unless they can obtain more meat to cook."

What upsets most of the operators is that now with the summer beer shortage more or less settled in almost every community — the meat shortage comes along to once again cut down on their collections, "Just when," as one op reports, "we were hitting normal and going very good,

with things looking better every day."

As yet this restaurant meat shortage hasn't hit the trade too hard. It is a definite factor in certain communities. The larger cities seem to be harder hit than the smaller towns, at least as far as the coin machine industry is concerned.

Whether it will last another month is doubtful. Reports from Washington have it that the meat shortage will improve this month of October. That being the case coinmen should find their take returning to normal figures within a few more weeks.

Coinmen who were questioned by *The Cash Box* reported that tho they have noticed some percentage loss in their restaurant and food selling locations — they haven't as yet found this "too serious." They did state that, "If the meat shortage continues, we may find our loss greater."

Regardless of this, many ops report that as long as their locations have something to offer in food and drink, they will remain open. "Most

of the restaurants in our area," one eastern op reported to *The Cash Box*, "are going to go ahead even if they can only serve a single egg and a slice of bread. Some of them are almost down to this point already. The take has been hurt somewhat, but we look for a quick recovery as soon as the situation returns to normal."

Seemingly, then, from the percentage of loss reported because of lack of beer and liquors this past summer season, to this new shortage occasioned by the lack of meat this opening of the fall season, collections will be less this year than they were during the past wartime years. But, this condition is not expected to remain for any definite length of time.

"On the average," as one coinman puts it, "the trade will come out ahead this year. This will be due to the new machines we are able to get which have jumped collections and the fact that all operators are driving to get a greater share of the percentage of their gross collections."

# RECORD REVIEWS

By *Ralph Emmett*  
OF  
"THE CASH BOX"

**"Passe"**  
**"For You, For Me, For Evermore"**  
**Margaret Whiting**  
**(Capitol 294)**

● A sultry-voiced songstress is Margaret Whiting, and her talents fit right in with the melodies she waxes here. "Passe," you'll remember, is the tune introduced here by the French crooner, Jean Sablon, and La Whiting gives it to us with an American touch. Nonetheless, the song doesn't lose its continental flavor and emerges from Margaret's throat still hinting of a Parisian love affair. Your better class locations should go for that, what with the trend that "sophistication" and a fast buck go hand in hand. Flipped, Margaret sings "For You, For Me, For Evermore," a worthy ballad made more appealing by our gal's talent and danceable thru the efforts of the ork under the direction of Jerry Gray.

**"Have I Told You Lately  
That I Love You"**  
**"Atomic Power"**  
**Red Foley**  
**(Decca 46014)**

● Wherever they like "country style" music they should like this platter offering "Atomic Power" and "Have I Told You Lately That I Love You," as warbled by Red Foley. "Atomic Power" just hints at a religious note as it tells the story and meaning of the atom and what it has done, and with that it carries a double barreled appeal. "Have I Told You" is on the romantic side, as much so as the rules for folk music allow, and the treatment Red gives it should win a place for the disk in any location where they seek his brand of music. On both sides Roy Ross and his Ramblers offer a neat instrumental backing. If the type fits your route, you can use this disk.

**"Lullaby"**  
**"Where My Caravan Has Rested"**  
**Bing Crosby and Jascha Heifetz**  
**(Decca 40012)**

● It may be said that a review of this disk does not belong on these pages. That it's not juke box material. For the most part that's true. Most ops would be reluctant to use the platter. However, if you do have locations where a classic is appreciated, snatch this one. The combo of Bing Crosby, on the vocal, and the famed violin of Jascha Heifetz will send lots of customers scurrying to hear what's hard to believe: a combo of two such different personalities on one record. Of the two sides, "Caravan" is more appropriate for the machines at this time, but "Lullaby" should get very strong action in your better class spots come Christmas time.

## DISK O'THE WEEK

**"The Things We Did  
Last Summer"**  
**Jo Stafford**  
**(Capitol 297)**

JO STAFFORD

● "It's a hit!" can well be said of this tune called "The Things We Did Last Summer," done here by Jo Stafford, a top songstress for anybody's nickel's worth. It's a blue romantic ballad that's meant to sift memories of the summertime past, and Jo's interpretation helps do that, but good. Strong instrumental support is provided by the Paul Weston Orchestra. Flipped, the platter offers another romantic ballad right out of the top drawer in quality. This one is "You Keep Coming Back Like A Song," from the motion picture, "Blue Skies." Appearance of the film should prove a heavy plugger for the side. You can place this one in just about any spot where popular music is demanded and be assured of heavy action.

**"For Sentimental Reasons"**  
**"Why Does It Get So Late So Early"**  
**Eddy Howard Orchestra**  
**(Majestic 1071)**

● Eddy Howard, who started "To Each His Own" on its flight to the top, and who waxed what is probably the most popular version of the tune, has here come up again with something new. This time it's "For Sentimental Reasons," a slow, but very effective, romantic ballad that should please in any location where his "Each" is known. Eddy's ork provides a neat backdrop on the melody while the maestro handles the lyrics in his tenorish, almost effeminate style; a style that's at least "different" from the current trend of weepy baritones. Flipped, the lads offer "Why Does It Get So Late So Early," and their interpretation is pleasant enough. Eddy and the trio handle the vocal chores, and they do it up to make this disk more than an interesting wax package for spots where they like 'em laden with romance.

**"Have I Been Mean To You?"**  
**"Spanish Two Step"**  
**Texas Jim Lewis**  
**(Decca 46015)**

● Texas Jim Lewis and Lone Star Cowboys here offer a disk for the cowboy music trade that should net a bit of notice. "Have I Been Mean To You?" is a simple enough little ditty and tells the simple little story of a repenting lover. Few tricks are used by all concerned, and it's Texas Jim's "authentic" warbling style that merits applause for whatever is good on the side. Flipped, Tex takes the crew for an instrumental ride with "Spanish Two Step," and they turn in a top flight performance that should draw plenty of coin wherever they want their musicians playing like the only stage they knew was atop a galloping horse.

**"I've Told Ev'ry Little Star"**  
**"Why Shouldn't It Happen To Us"**  
**Hildegard and Buddy Clark**  
**(Decca 23662)**

● Here's a pair of not very distinguished sides featuring a pair of tunes just about everybody remembers. Both on "I've Told Every Little Star" and "Why Shouldn't It Happen To Us," Hildegard and Buddy Clark chirp the lyrics in musical comedy style, each taking half the lyrics for a solo and then coming in together on the finale. Play appeal will come from the fact that the trend today appears to be for old things, and the tunes are old enough to score on that. Backing the vocal is a crew under the direction of Harry Sosnik, who appears to have a good command over the instrumental effort. By the way, we liked Buddy Clark's performance best.

**"It's All Over Now"**  
**"Aren't You Kind of Glad We Did?"**  
**Peggy Lee**  
**(Capitol 292)**

● Peggy Lee (her voice reminds one of a naughty little girl) could be tops when she chants a good novelty, but, sadly enough she just doesn't score too well in her offering of "It's All Over Now." Whatever appeal the disk has for the boxes (and it does have some) is due to the efforts of the people who arranged the melody that the Dave Barbour crew play in support of Peggy. They offer some strong licks of swing that the younger set should get hep with. Flipped, nobody rates much applause, including the song writers. Peggy sings "Aren't You Kind of Glad We Did," their oh-so-slow paced ballad, that registers little other than as a disk to give a location some music to back conversations and the clink of glassware.

## RECORD REVIEWS

By DAVE QUIRK

RECORD REVIEW EDITOR

OF

"THE CASH BOX"

**"If I'm Lucky"****"You'll See What A Kiss Can Do"****Eddy Howard and His Orchestra**  
(Majestic 1072)

● Chalk up another score for the fast climbing Eddy Howard who has waxed the best version to date of the title tune of the movie, "If I'm Lucky." Backed by his accomplished vocal trio. Howard proves that his "To Each His Own" wasn't just a flash in the pan or the result of a combination of tune fitting style. Here, on "If I'm Lucky," he does a tiptop job with a different type of number, gives it plenty of lift. The way he and the trio do it, the number is sure to be a top nickel magnet in no time. And it's a number that will click anywhere. On the flipover, Eddy and his gang do a nice treatment of the ballad. "You'll See What A Kiss Can Do." In slower vein, it's the type that will appeal to the romantic. And the Howard style sells it completely. The disk is a double-barreled money maker.

**"If You Were There"****"This Is The Night"****Andy Russell**  
(Capitol 291)

● Andy Russell comes up with his usual workmanlike job on a waxing of the ballad, "If You Were There" and it's bound to get plenty of play everywhere. But it's on the backing that Andy has to exert himself, for "This Is The Night" is a tune that calls for real singing in quite a few spots. But the talented Russell meets the challenge, and this waxing is apt to be a surprise in the coin boxes. Just keep your eye on it.

**"Gotta Get Me Somebody To Love"****"Honeyfoglin' Time"****Martha Tilton**  
(Capitol 299)

● Martha Tilton joins the ranks of cowboy warblers with "Gotta Get Me Somebody To Love," and although she doesn't match Bing Crosby's version of it, she does right well by it. On the backing, she does "Honeyfoglin' Time," which boasts cute lyrics and a catchy tune. A good blues number that will do plenty of business in the boxes, especially in those spots crowded with Tilton fans, of which there are legion.

**"I Knew I'd Fall In Love Tonight"****"All By Myself"****Buddy Clark**  
(Columbia 37085)

● Buddy Clark, long a favorite on the air and as dub-in voice for some of our top movie stars, waxes two numbers that fit his slow, pleasing style, "I Knew I'd Fall In Love Tonight" and the old Irving Berlin hit, "All By Myself." For the spots catering to romancers, this platter should click off the nickels in bushels.

**SLEEPER OF THE WEEK****"Land of Dreams"****Evelyn Knight****(Decca 18906)**

EVELYN KNIGHT

● Here's a waxing that is going to keep the music boxes busy for weeks to come as it combines a swell tune with a swell voice. Evelyn Knight does a great job with a great tune, "Land of Dreams," a swell blues number. When you hear Evelyn do this one, you'll swear she's somehow got a touch of Billie Holiday and Mildred Bailey into her style, but of course, sweetened by the sugary vocal lumps in her throat that has sent Miss Knight up to the top in no uncertain manner. Although she's scored many hits in the past few years, this disk will match, if not surpass, any of her previous efforts. The flipover, "Passe," a torch tune, is another sure nickel getter. And as both are done in that soft, relaxed style so peculiar to the Knight gal, both sides will find favor in about every spot you can mention.

**"The Whole World****Is Singing My Song"****"Everybody Kiss Your Sweetheart"****Jack Smith****(Capitol 300)**

● Don't let the long titles on this one platter scare you off for Jack Smith has here two songs that will make you plenty of nickels. The first is a ballad, "The Whole World Is Singing My Song," and Smith handles it in more than pleasing fashion. His voice appeals to the gals and he uses it to the full in this recording. On the flipover he does a novelty, "Everybody Kiss Your Sweetheart," which will get plenty of attention from the younger set. The Sportsmen, a vocal group, do a neat job of backing Jack up on this side.

**"If I'm Lucky"****"One More Kiss"****Jimmy Dorsey and His Orchestra**  
(Decca 18905)

● The Jimmy Dorsey fans will like this platter, and although we think the Dorsey crew's version of "If I'm Lucky" is not up to Eddy Howard's, the tune is swiny enough to bring out the best of the Dorsey combo's talents. Bob Carroll handles the vocal. On the backing, the Dorsey crew does an okay job with "One More Kiss," with Dee Parker doing the warbling. It's not the best Jimmy Dorsey, but it should do business wherever swing fans go for him.

**"Don't Waste Your Love On Me"****"At Least A Million Tears"****Slim Newman****(Black and White 1008)**

● For real weeping-in-your-beer cowboy tunes, Slim Newman, with Cactus Andy and his Texas Dandies, has waxed two lyric dillies, "Don't Waste Your Tears On Me" and "At Least A Million Tears." There's nothing outstanding, for both follow the usual cowboy style to the final note. But the platter should hit the jackpot in western climes, as the instrumental parts of both sides are real good.

**"That's My Home"****"The Merry Ha-Ha"****Ella Mae Morse****(Capitol 301)**

● Two of Capitol's outstanding gal singers are trying their hands at cowboy tunes and on this waxing Ella Mae Morse, best known for her boogie, does a neat piece of work with "That's My Home," a prairie ballad. The other girl is Martha Tilton, and we'll take up her latest in another paragraph. But to get back to Ella, she shows that a good seller of songs can do quite a bit better than okay with a western number, although we must admit that this particular tune is above the average. But many more like this waxing, and the coin boxes all over the country will be getting cowboy-tune-minded. On the backing, Miss Morse does a novelty number, "The Merry Ha-Ha," which features some swell instrumental support.

**"Tumbling Tumbleweeds"****"Old Missouri Moon"****Gene Autry****(Columbia 37000)**

● Gene Autry, the movie cowboy star, comes up with a nice treatment of an old chaps-and-spurs favorite, "Tumbling Tumbleweeds." His instrumental backing is soft and provides a nice backdrop to his pleasing voice. On the flipover, Gene, aided by Jimmy Long, does a slow ballad, "Old Missouri Moon," that will have the range riders yippeeing wherever they gather around the coin boxes. It's a good disk for spots catering to western lullabies.

**BYRDE'S EYEVUEW**  
**'ROUND THE WAX CIRCLE**  
 by  
**Byrde Gore**

With the announcement that RCA-Victor Records would press their billionth disk sometime this month came the following salient facts in illustration of what a billion records means: stacked one atop the other, a billion records would make a column 1,515 miles high; laid edge to edge, they would encircle the world 6½ times; a billion records played consecutively would take 12,489 years . . . Capitol Records reported very enthusiastic over inking Diana Lynn, Paramount screen star. Her first wax release will be composed of six sides on which she'll exhibit her keyboard artistry.

Now under consideration by the Majestic Records high command are several far reaching projects designed to push the label to the top in juke box sales, it was revealed this past week by Parker Erickson, vice president . . . Tony Pastor and Harry Bank, Cosmo Records prexy, were cocktail-partied this past week by Sammy Stern, head of Scott-Crosse, Cosmo distrib in Philadelphia. The party, held at the Quaker City's Ritz Carlton, was made additionally successful thru the efforts of Elson Verbit, chief of the Scott-Crosse record division, who gathered many local ops and retailers for the occasion.

Here's a funny little story that's not a bit funny for some of the people concerned. Ever hear of a tune called "This Is The Night"? Well, for about two months now, Musicraft Records has had that song on wax (we believe they were the first to make it) and Ralph Emmett of *The Cash Box* labeled it a "Disk O' The Week," as it was done by Teddy Walters. Critics who have given it a listening have said that it might do as much for Walters as "To Each His Own" did for Eddy Howard. Well, where is it? Why aren't more of 'em being pressed? Why isn't it being pushed? Oliver Sabin, Musicraft vice president, says they're "terribly busy" pressing Artie Shaw albums. And Oliver told *The Cash Box* we were asking "embarrassing questions" about the record. Sorry, Oliver. Just trying to help. By the way, Capitol is releasing "This Is The Night" with Andy Russell.

In their advertisement this week, page 14, King Records calls your attention to "Big Foot Sam From Birmingham." Well, we'd like to call your attention to the backing, "Bluer Than Blue," which several ops up Harlem way describe as one of the better and bluer tunes to be heard around . . . Harry Kruse, vice president in charge of sales at Decca Records, passes on an interesting weather note. It seems that the coming of colder weather will help spurt production for the label. The heat generated by the pressing equipment in their factories hampers the men at work, but when the winter winds blow outside, it cools the atmosphere inside, giving the men more comfort and making it easier to work faster.

## RCA-VICTOR PRESSES BILLIONTH DISK

CAMDEN, N. J.—The month of October will include the date on which the billionth disk produced by RCA-Victor will be released to the market, according to an official announcement made here recently

The figure reached at that time marks production that began in 1901 when the former label, Victor Records, made its appearance

## Mercer Credited For "My Sugar Is So Refined"

HOLLYWOOD, CALIF.—Practically a "one man record" is the popular "My Sugar Is So Refined," as done by multi-talented Johnny Mercer for Capitol Records.

Currently reported as among their top tunes by many ops thruout the country, Mercer's interpretation was the only one to be found on the market until just recently, when The Ravens cut it under the Hub label for the "race" market.

Johnny Mercer's past recorded successes, reading like a one-man hit parade, include "On the Atchison, Topeka and Santa Fe," "Personality," "Ac-Cent-Tchu-Ate The Positive," "Blues In The Night," "G.I. Jive" and many others.

# C.M.I. BLUE BOOK

**FOREWORD** Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

**METHOD** The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

**IMPORTANT** Machines underlined mean these were most active in trading the past week.

**CODE** Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

**1**

MEANS PRICE  
WENT UP.

**2**

MEANS PRICE  
WENT DOWN.

**3**

MEANS MACHINE JUST ADDED  
TO LIST.

**4**

MEANS PRICES WENT UP AND DOWN  
DURING THE PAST WEEK.

**5**

MEANS PRICES REMAINED SAME AS  
IN LAST PRICE LISTS.

**6**

MEANS NO PRICES QUOTED FOR PAST  
TWO WEEKS.

**7**

MEANS NO PRICES QUOTED FOR PAST  
THREE WEEKS.

**XX**

MANY WEEKS — PRICE SHOWN IS  
LAST KNOWN QUOTATION.

# IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

**THE C.M.I. BLUE BOOK REPORTS EACH  
QUOTATION EXACTLY AS IT IS MADE  
AND DEPENDS ON THE SUBSCRIBER  
TO MAKE AVERAGE PRICE ADJUSTMENT  
TO FIT THE CONDITIONS IN HIS OWN  
TERRITORY.**

# AMI OFFERS 10c PLAY IDEA

## Firm Announces Conversion Featuring 10c — 3 for 25c Play Will Be Optional for Present Model

DE WITT (DOC) EATON

CHICAGO—After conferences with the firm's distributors and operators thruout the country, DeWitt (Doc) Eaton, vice-president and general salesmanager of AMI, Inc., this city, announced this past week that the firm would present a special 10c, 3 for 25c play conversion to their present 5c Model "A" machine.

Eaton stated, "The demand from operators everywhere in the country for 10c, 3 for 25c play has grown to such great proportions that we believe that the time has come to satisfy those music coinmen who need such a unit.

"We further believe," he continued, "that there is a definite swing to this new and increased music cost action. Our reasoning is based on surveys we have conducted thruout the trade. There are more coinmen today demanding a 10c play phono than at anytime since the beginning of the post-war manufacturing period, and from what we have already learned, this demand is growing greater daily."

Eaton also reported, "We realize that there are many music operators who are faced with unusual problems in their territories. These men want to be sure that they can more rapidly pay for their equipment. They have already tested 10c, 3 for 25c play, and claim that this is 'the answer' to their problems. This being the case, we have decided to bring

these operators exactly what they want."

He reports, "Almost everywhere where the music operators wanted to obtain a higher percentage of the commissions, they also realized that they must continue to pay their locations approximately what they always have given them from their music equipment. Therefore," he says, "the need for 10c, 3 for 25c play came into being."

He added, "The music operators realize that if they can earn more money with their phonographs, especially at 10c, 3 for 25c play, they can then cut down on their percentage to the location owners and, yet, the location will be getting just as much as he ever did at 5c play. This means better profits for the operator and most of all, it means that he can pay for his equipment in so much faster time."

Eaton also says, "Everyone in the music machine field realizes that his locations have raised prices on all the merchandise they sell. Beer has gone to 10c and 15c per glass. Coffee is now 10c per cup. Milk, too, has been raised to 10c a glass. Every single item indicates the need for more money to meet the overhead and the higher cost of the merchandise. Operators who have already talked with their location owners regarding these price raises of the merchandise being sold, have also had the proprietors of these places suggest to them that they, too, should get more money for the play on their machines.

"And," he continues, "the operators who are faced with such a tremendous increase in general overhead and labor expense, realize that to get more money to pay these costs, and more rapidly pay for their machines, as well as continue to give the storekeeper approximately the same as they always did — that they must have 10c, 3 for 25c play phonos. We fully believe that those who require this cost action will greatly benefit from 10c, 3 for 25c play."

Gets Aireon From "Truth-Consequences" Program

PASADENA, CALIF. — Pfc Ralph Benavente of Burbank, California, now a patient at McCormick General Hospital here, was the recipient of a surprise birthday party during the "Truth or Consequences" broadcast recently.

Nurses and other patients at the hospital were aware of the surprise in store for the 21-year old veteran, who was badly wounded crossing the Rhine. But it was not until the voice of Ralph Edwards, master of ceremonies, was heard in the ward that Benavente knew he was being heard on a coast-to-coast broadcast through microphones hidden near his bed.

As the surprise for his "consequence," Benavente received a complete wardrobe, a \$100 savings bond, and a solid gold Bulova watch.

But the big thrill of the evening was when the ward was presented an Aireon phonograph complete with latest records, with a plaque on it reading "In honor of Pfc Ralph Benavente's Birthday."

Nurses Bodine and Baldwin and fellow patients Porter and Hubbell are shown sharing Benavente's joy.

## Michigan Phono Assn Talks About Service

DETROIT, MICH.—An editorial appearing in this new issue of "The Pick-up," four page bulletin of the Michigan Automatic Phonograph Owners Assn., should prove of good worth to all coinmen.

Tho the theme isn't new, and many, many suggestions have been made in this direction from time to time, some of the elements contained in this article may prove of good worth to all readers.

The editorial, "How Good is Your Service" states:

"The existence of a manufacturer is dependent not only on the material and workmanship of their product, but on the kind of service given to maintain the equipment.

"You may remember at one time there was as high as two hundred automobile manufacturers which has now dwindled to less than ten. These fatalities were due, naturally, to lack of sales and the number of sales of course were directly relative with the kind of service that was rendered in each case; therefore without service, sales dwindled and without sales factories closed.

"Now comparing the automobile industry with the automatic phonograph business is identical, that is, no matter how good a machine you may place in a location if it is not followed with prompt courteous service your location owner immediately condemns the manufacturer of the machine, which could more than likely have been prevented if the service had been in keeping with the product.

"Every operator that we have talked to recently has agreed that the more *playing hours* per machine, means, not only increased income, but more satisfaction with the location owner as well as the public. But in spite of this there is hardly a day passes that we have calls telling us of a machine being down from 12 to 24 hours and no operator in sight.

"We have an operator that we know of who guarantees one hour service. This particular operator has made it a point to live almost in the center of his locations and while he is an operator of only twenty-five machines, nevertheless, he has not lost a location in 1½ years. Our Association has not had a complaint from him, or from his location owners; therefore, we say it is the service that counts.

"In the past three months several of the publications who confine a great part of their attention to the coin machine and juke box business have been suggesting a number of different ways to increase the weekly pay-off on the juke box. All sorts of schemes have been devised, from renting space to operating on 100% basis.

"We are not discouraging any of these arrangements, provided they can be satisfactorily handled so that the public is aware of the reason for the increase, but first, 'HOW GOOD IS YOUR SERVICE?'"

# Pennsy R.R. Automatic Ticket Seller in Action

PHILADELPHIA, PA. — Tho coin machine operators won't benefit from operation of similar machines (much as they would like to) it is of general interest to the industry to know that the Pennsylvania Railroad has now also entered into the coin machine operating business.

The above picture shows two of the commuters at one of Philadelphia's suburban stations purchasing tickets from the machine.

Complete directions are right on the machine, and the following words will probably ring familiar to all coin machine men, "Easy To Operate," which appear right on top of the machine.

# Ciggy Machine to Help Find Thieves

EAST ORANGE, N. J.—When the Anglais Restaurant was broken into this past week and thieves carried away a 375 pound safe with approximately \$750 in cash in it, they made the mistake of moving the cigaret vending machine located on the first floor of the restaurant down to the

basement.

Police here believe that this will be their undoing.

Detectives here are hoping that the beautiful sets of fingerprints, which were photographed off the cigaret vending machine, will help them to locate the thieves.

# Gayer Catches One

LOS ANGELES, CAL.—That's I. B. Gayer, well known coinman of this city and San Bernardino, who just caught one of the largest Marlins in California waters at Balboa.

Since there are so many coinmen fishermen, the following data will probably prove of good interest: the catch was made on September 20, 1946; name of angler, Irvin B. Gayer; Weighed 148 lbs.; time to pull in was 2 hours and 50 minutes; using a regular heavy 24 tackle.

By the smile on Gayer's features you can tell that he really is proud of this baby. He is seriously thinking of mounting this beauty and displaying it in his showrooms.

# Col. Choate Named Biz Mgr. Alabama Music Ops Assn.

## Send First News Release to All Alabama Press. Will Feature Public Relations Program Covering 50 Newspapers in State. Expect 100% Membership.

MONTGOMERY, A.L.A. — Some months ago *The Cash Box* reported that the music operators in this state were coming together in a general meeting for the purpose of forming themselves into an organization.

Announcement came this past week that the organization had been formed and that it would be known as the Alabama Music Operators Assn. Col. R. E. L. Choate, (U. S. A. Retired) has been appointed Business Manager. Temporary headquarters for the organization will be at 1805 S. Perry St., this city.

Col. Choate advised, "A group of approximately half of the music machine operators in the State of Alabama have met and organized an association known as the Alabama Music Operators Assn., and have drawn up the constitution and by-laws governing their operation. The purpose of this association, as outlined in the constitution and by-laws, is to promote, advance and maintain good will and harmonious action between the individual members; to establish high standards of business operations; to create and maintain ethical business practices among the members, and to do all things that are properly within the scope of such an association for the welfare of its members and locations."

Col. Choate also reported, "As our first move in the direction of public relations, we released a story to all

the newspapers, both daily and weekly, in the State of Alabama, and it is planned to begin sometime in the early part of 1947 with a paid publicity program, running an ad in at least 50 papers in the state each month."

The story released to the Alabama press reports the formation of the organization and also lists all the officers. These are: Claude Hall, president; T. E. Farned of Russellville, first vice-president; J. H. Wein-

and of Fairhope, second vice-president; Sam H. Stewart of Tuscaloosa as treasurer and I. E. Cohen of Montgomery as secretary.

The Board of Directors is composed of: Nathan Allen of Birmingham; C. L. Cawlishaw of Mobile; Paul Daniels of Montgomery; Max Hurvich of Birmingham; Jimmie James of Gadsden; Joe Joseph of Dothan; W. B. Loosier of Decatur; B. C. Pritchett of Demopolis; J. Sanderson of Tusculumbia and Johnnie Walters of Selma.

## Firestone Games Firm Reorganized

BROOKLYN, N. Y.—Barnet (Shugy) Sugerman, Abe Green and Willie Blatt joined forces this past week with Jack Firestone and Murray Goldberg of Firestone Games, Inc. The new firm will now be known as Firestone Enterprises, Inc.

The company will continue to produce the amusement games now in production, and also report they have several other items on the way.

The two games now being featured are "Skill Roll" a bowling alley game, and "Tally Roll" a high score roll-down machine.

Herman Perin, well known and popular coinman, has been appointed Sales Manager. He will divide his time between the home office and traveling thruout the country. He reports he is now contacting leading distributors thruout the country making appointments for distribution of Firestone Enterprises' games.

Altho the Brooklyn plant is quite large, the officers of the new company are breaking down a wall and the adjoining building is being added in order to enlarge manufacturing facilities.

# Home Town Visit Gets Hyde Back to Business

NEW ORLEANS, LA. — When Jim Hyde, assistant salesmanager of AMI, Inc., went for a short visit to New Orleans, his home town, he also decided to drop in for a chat or two with the firm's distributor here, Louisiana Coin Machine Distributors, Inc.

The visit resulted in: 1) Jim Hyde getting his picture taken with the wives of AMI's distributors here, as above: Jim Hyde, Mrs. Ed. Ponder and Mrs. Chris Nissen.

And 2) Bringing home more business by getting involved in conversations with music ops here, he reported, to the point where he simply took orders just as fast as he could write them, he says.

Columbus Star Gives  
Jukes A Big Feature

COLUMBUS, O.—The Columbus Star went all out in its September 21 issue to give juke boxes one of the best illustrated feature stories as yet to appear in the press anywhere in the country. Written by Kinsey Carstairs, the article is entitled, "Juke Boxes Make Geniuses."

Carstairs writes, "To get to the point first, instead of last, there is positively nothing wrong with the juke box and nothing wrong with the youngsters who get their kicks listening to them. Tomorrow's musical genius may be that odd looking youngster in the corner hamburger joint, beating out a not-too-expert accompaniment to the newest Woody Herman platter."

He continues, "The juke box has come in for some pretty rough treatment at the hands of middle-aged and elderly critics, the kind who claim there hasn't been a decent song hit since, 'I'm Forever Blowing Bubbles.' They are apt to be the same people who never stay home with their kids long enough to find out what makes them tick in modern rhythms."

He writes, "You better lay off the juke box. At its very worst, you can always say for it, it keeps the kids off the street."

page feature story continues in the same vein. It is one of the most outstanding yet written by any noted writer for the press. Juke box men are urged to get copies of it reprinted for their territories.

He also reports that the musical

instrument people are not at all "mad" at the juke boxes for "ruining the tastes of the young people."

He claims, "The juke box and the radio are credited with stirring Junior's tastes in things musical as it has never been stirred before."

# Goes to Court to Hold His Location

BRIDGEPORT, CONN.—One of the most unusual court cases to come up here is that of Michael G. Nicholas of this city who is a pinball operator.

He is resorting to law in an effort to keep two ex-G.I.'s in business against their will to protect his interests against a new owner of the diner these G.I.'s want to sell and, according to the case, the new owner refuses to have anything to do with pinball machines.

He has hired a firm of attorneys to fight the sale of the Vets Diner here since he learned that the new owner would not allow him to keep his pin games there.

# Hartford Cuts Down License Fees

HARTFORD, CONN.—After strenuous objection by coinmen here, even after they lost out on obtaining a temporary injunction to prevent this city from issuing new and higher license fees, and at the suggestion of Corporation Counsel Samuel H. Aron the City Common Council has agreed to cut down on the present proposed license fees on pin games and juke boxes.

Under the overall amendment, the license fees for pinballs will be reduced from \$35 to \$24 and for juke boxes from \$15 to \$6 per year. The ordinance was to go into effect on the originally proposed date, October 1.

Aron asked that the location and the operator share the annual expense instead of the operator paying for the license fee alone.

# Dick Hood Tells About His New Console

LOS ANGELES—A group of coinmen gather 'round R. W. (Dick) Hood of H. C. Evans & Co., Chicago, to listen to him tell about his new console, "Winterbook."

Reading from left to right: Johnny Nelson, Bill Sorenson, Tab Simonson, Len Micon of Pacific Coast Dis-

tributors in whose showrooms the picture was taken and who is distributor for Evans products here, Dick Hood, Cliff Manske and Al Reisz.

Micon also reported that the firm had booked many orders for the new console.

## Automatic Ice Vender Clicks With Press

SEATTLE, WASH.—In a humorous and interesting article in the Seattle Times, Byron Fish tells of an automatic ice vending machine, which he located in Soap Lake, Wash., and of his experiences with it.

In his first try a few summers ago, Fish reports, the machine, after much pulling on and tugging on a rope, did give him a cake of ice for a quarter — but almost knocked him out

This past summer tho, he reports, the delivery was smooth and easy and residents in the Soap Lake area, especially those arriving home late in the evening, are finding the ice vender of real value.

The machine, according to Byron Fish, was originated by L. C. Bigger who runs the ice business in Soap Lake. This past year, A. C. Palmer, who runs the ice business for Bigger, told the reporter, "We fill the machine at night so it gives 24 hours service."

The secret of the machine is an endless chain belt that moves one place forward each time a quarter is deposited. It is reported to have delivered up to as high as 3500 pounds of ice in a single day. Its main advantage, according to the article, is its nighttime service.

The machine itself is directly attached to the ice house in Soap Lake and is therefore filled just as fast as the cakes of ice are removed. It

Dear Mr. Operator:

Everything today is speed. Everything's gotta have a jet. And from the looks of things in back of the building where Dave Rosen's fleet of 14 foot trucks dash in and out, you'd think he had one, too.

Talk about fast deliveries! Not only do his trucks get the stuff around in a hurry, but in the shipping department where deliveries are packed, Dave's gang flits around like cops in a Keystone movie. (All except Mr. R., of course. He just sits around pushing the buttons that make things hum.)

Seriously, though, I've never seen anything like it. Dave has built his reputation on fast service. And I do believe that if there were anything like a jet-propelled truck, D. Rosen would be the first to have it.

So, if you're sick and tired of waiting out slow freight or ponderous parcel post ... if you want really fast delivery of the equipment you need, get in touch with Dave Rosen today. In fact, if you're really in a sweat, Dave will dispatch a special truck to deliver what you want when you want it!

Speedily yours,

Ad Man

# Bowling And Roll Down Games Clicking Thruout Nation

NEW YORK—Reports from leading manufacturers of bowling alleys and roll down games is to the effect that these are clicking thruout the nation.

These manufacturers explain that when introduced, immediately after the war, the games were rather slow to get started. "Today," one noted manufacturer stated, "we have shipped them to practically every state in the country and have even sent them into Canada, Mexico, Central and South America."

Facts are that the automatic bowling alleys and roll down games are being given the tag of "legal equipment" in practically every territory where they are introduced. Many "closed" areas have not only admitted but also licensed them.

The City of New York has not only allowed them as "legal" equipment but has licensed the roll down games.

"As far as earning real profits," one noted manufacturer here states, "they have proved themselves the most consistent money-makers coin machine operators have ever had. They last for years on location. The

longer they remain on any spot the steadier and surer the profits."

Interesting is the fact that the bowling and roll down games are "opening much territory" according to one distributor of these type of machines here. He also stated, "Tho we are not at liberty as yet to give any details we can report that one large center, which has been closed for sometime, is going to re-open very soon with roll down games and bowling alleys."

In the meantime the manufacturers of these machines are continually

working on improvements and adding interesting play features. Many ops have written to them suggesting changes which will make for greater player interest and these are being worked out now.

"The chances are," one manufacturer claims, "that the bowling alleys and roll down games will lead the way to greater profits thruout the trade because of the fact that they are so acceptable everywhere and also because they are opening territory everywhere in the country."

## Coin Swindlers Hit By Radio Detective

NEW YORK—The "Special Investigator," the coast to coast radio hero, went to work on swindlers in the coin machine industry seeking to victimize veterans, in a broadcast that went out from the Mutual Broadcasting System outlet here some weeks ago.

Purpose of the program was to explode phony coin machine dealers who appealed to the ex-GI's thru newspaper ads under the heading "Investments Wanted," endeavoring to lure the vets with schemes on how-to-get-rich-quick via a small route of inexpensive venders.

It was brought out in the script, said to have been based on actual occurrences, that the vets were sold locations as well as equipment, neither of which turned out be at all profitable; in addition, it was revealed how faulty machines were "dressed" to appear sound.

At the conclusion of the story, the "Special Investigator" emphasized to his radio audience the value of dealing with reputable firms which made of this industry a sound business

# Phono Ops Take Active Role To Aid "Canteens"

NEW YORK—Since publication of a story in a recent issue of *The Cash Box* on the opportunities offered coinmen to build better public relations for this industry thru participation in establishing "youth canteens," numerous reports from music ops thruout the country indicate that work of this nature is being undertaken and meeting with huge success.

Reports coming in from other quarters continue to affirm the belief that the "youth canteen" program is shaping up as one of the largest scale undertakings on the part of community leaders since the early days of the USO and other wartime servicemen's social welfare activities.

With this in mind, many music ops have found themselves the center of groups seeking to establish such activities in their own communities, the coinman's vital contribution being in making available automatic music.

Music ops who have acted on the requests submitted to them by the agencies seeking to place juke boxes in canteens for the youngsters report that every effort they have put forth in reply to these requests have been more than repaid thru the new and improved relationships they have established with community leaders.

# THRU THE COIN CHUTE

## CHICAGO CHATTER

This was one of the most quiet weeks we have yet had in Chicago this year. For some reason or other visitors just stayed away from town. Frankly, those who would have come in this week would have had their hands full trying to get any sort of hotel accommodations. And, while you're reading this, please do be advised once again—that there are so many, many conventions in our Windy City right this minute that it is almost impossible to get any room whatsoever. The best we can do for you is a bench in the park—and these cool, tho beautiful, Indian Summer days aren't so good for bench sleepers. Therefore, unless you have a definite confirmation of reservation ON HAND—don't try coming in.

Art Weinand, Rock-Ola Salesmanager, on his way to New York to attend the big, annual banquet of the music ops association there which is being held at the Grand Ballroom of the Hotel Waldorf-Astoria this year. This is one of the biggest affairs in the nation and Art will be sitting with his distributors while meeting with all the music ops in that big town . . . Dave Gensburg of Genco back from his eastern trip and brother Myer heads right out for California's sunshine with brother Lou remaining to handle the production lines in the factory. Brother, it's a job to try and keep up with these Gensburg brothers—they're always on the go.

Bill Perry, Marvel Mfg. Co.'s Salesmanager traveling thruout the southern states contacting distribs for the firm's new products . . . The new Mills' phono is just about ready to make its debut — announcements will soon be forthcoming . . . DeWitt "Doc" Eaton, Vice-President and General Salesmanager of AMI and his noted west coast distrib who spent this past week in town here, M. S. (Bill) Wolf, also on their way to New York where they will attend the big music affair sitting at the Runyon Sales Co. tables with Barnet (Shugy) Sugerman as their host. Looks like Doc and Bill will sure 'nuf be entertained . . . Jean Bates, General Manager of Pace Mfg. Co., Inc., returns from a southern trip and reports that business is plenty gratifying. That's good news.

Gil Kitt of Empire Coin Mach. Exchange tells me that he'll be moving into his new building sometime this coming month. And brother, is he happy over this move . . . Grant Shay and Midge Ryan of Bell-O-Matic Sales, standing out there comparing their new Buicks and trying to decide which one looks the bestest . . . P & S are giving up re-converting pins and will soon be manufacturing new machines, according to factory reports . . . Things are sure picking up over at Leo Lewis' place, Lewis Coin

Mach. Service. They just can't keep enough equipment on hand—the stuff just moves out even faster (it seems) than it comes in—and with the news that's spreading around town—there's been a rush on all distribs and jobbers here for all types of machines—everybody wanting them—yesterday.

Harry Brown of American Amusement Co. is losing weight these days without the necessity of having to resort to any kind of a diet. What with moving into the new building and with arguing and watching the workmen about the place—he's just rushing from one spot to the next without having a chance to stay put for even a second—and that's wearing little Harry down . . . Globe Distributing Co. must be blessed with Cupid's charm—it seems that every girl who goes to work there is leaving to get married almost immediately after she's settled down to knowing her job.

Al Sebring's Beacon Coin Changer, which has attracted so much attention and created so much interest, can now be seen on actual location test over at Walgreen's Drug Store on Milwaukee Ave. just a few doors away from Bell Products Company's headquarters. And, from what we hear, since putting it on test, the interest has jumped to new highs . . . The new addition to the O. D. Jennings & Co. plant is almost completed and will soon be in action plating their own equipment right next door to their present quarters—which means plenty of time saved for the production line workers.

Georgie Jenkins of Bally is back in town . . . Ken Wilson of Amalgamated is also back after spending the summer season taking care of his arcades and reports that he will soon have some news for the trade which will really start 'em to talking . . . Joe Munves over at Munves Mfg. Corp. is sure one little busy bee. Joe pops with an idea a minute and is working like a beaver to get all of his products into manufacture . . . Lou Wolcher flew thru the town like a B-29 but, from what we hear, he'll be back soon. He's visiting his mother in New York.

Nate Gottlieb working like everything to get those Superliners out to the firm's distribs and runs smack into a crater's strike. Brother, that's what makes manufacturing one of those heart-breaking problems these days. Just imagine getting caught with Superliners on the floor these days and so many of the Gottlieb distribs hollering for them? . . . Over at the Daval factory everyone is busier than ever before with the firm reporting that the demand for their new "Free Play" counter game growing by leaps and bounds and ops asking for speedy shipment—in quantity.

## EASTERN FLASHES

Saturday night is the big night for New York's music ops. As this is written it is the coming Saturday, but as you'll read it, it'll be the past Saturday. The association officials are working like mad on its last minute arrangements, and the ops are rarin' to go. Many out of town coinmen have made reservations. Attendance will definitely set an all time high, and it appears that there will be so much recording talent available that the entertainment will run into the early hours.

Barney (Shugy) Sugerman had plenty of excitement this week. He made two important announcements. Runyon Sales Company of New York, headed by Shugy, Abe Green and Mike Munves took over the general distribution for Telomatic, Inc., and Jack Mitnick was assigned to head the sales. In conjunction with Abe Green and Willie (Little Napoleon) Blatt, Shugy joined with Jack Firestone and Murray Goldberg of Firestone Games, Inc. in the manufacture of amusement machines. The firm name was changed to Firestone Enterprises, Inc. Herman Perin is the Sales Manager.

Dave Stern, Seacoast Distributors (Rock-Ola distrib), plenty chipper these days. His only problem is to get more Rock-Ola phonos for his operator customers. Dave and his associates, Tom Burke, Harry Pearl and Everett Masterson, are working on a surprise for the trade, which they will announce to the trade within a very short time . . . George Ponser, Amusement Enterprises, Inc., and his wife hit the high spots (Friday) celebrating Mrs. Posner's birthday . . . Joe Beck in the city displaying his Telequiz machine, and in conference with distributors here.

Leo Knebel, general manager of Manhattan Phonograph Co. (Aireon distrib) claims he's getting plenty of machines now . . . Ben Palastrant, regional sales director for Aireon, spends the week in the city visiting his soldier son, who is stationed in Fort Dix, New Jersey . . . Irv Morris, Active Amusement Machines Co. (Newark office) pays coinrow one of his infrequent visits . . . Al Bloom, Speedway Products, is placing his "Talking Gold" grille cloth and plastics in the hands of more and more distributors. Al intends to go on the road very soon and see the trade personally . . . Bill Frey, Miami, Fla. stops off in the big city on his way to Switzerland. Bill hopes he will be able to spend a few days with Pat Buckley in Paris.

Mr. and Mrs. O. J. Mullininx, Mullininx Amusement Co., Savannah, Ga. spend a few days in the city. They had planned a boat trip to Bermuda, but were cancelled out the day before sailing due

to the maritime strike. O. J. and his wife, however, were able to book passage on a plane. The plane ride is no novelty to the Mullininx as they are both licensed pilots and own their own plane . . . Ex Congressman Mac Merritt, a close friend to Al (Senator) Bodkin and Bill Alberg, and also well known to many coinmen, died suddenly this past week . . . Max Schiffman, Intimate Music (Solotone distrib) wrenched his back badly and was bedded for about a week. Max hopes he will be well enough by Saturday to join his associates Teddy Blatt and Jack Rubin at the operators' banquet.

Altho very little has been said about Jack Fitzgibbons' (Jafco, Inc.) "Musical Minutes", his phone is continually ringing—coinmen seeking more information . . . Rumor has it that Al Denver is taking private lessons from a "Gin" expert in order to beat some of his opponents once in a while . . . Max Glass, Chicago, in town, and Nat Cohn of Modern Music Sales Corp. spends considerable time with him. Earl Winters, Nat's associate, excited over the Vogue record display sent him by the factory . . . Harry Van Opstall, formerly office manager of the Automatic Music Operators Assn. died this past week . . . De Perri Advertising Agency, headed by Ben Smith and Perry Wachtel, who place many of the coin ads, moved to 95 Madison Ave.

Herman Silver, Empire Music Co., another music op just out of a sick bed . . . Dennis Donahue, Mills Industries, Inc. seen in town . . . The music ops are looking forward to the arrival of the Cowboy Engelmans in full regalia, riding into the ballroom astride two white horses . . . The Al Goldbergs (Al Goldberg Co.) expecting the arrival of an heir . . . George Ponser and Irving Kaye, Amusement Enterprises, Inc. announce the first of their three new games to be put on the line will be "Whirl-A-Ball".

Lou Wolcher, Advance Automatic Sales Co., San Francisco, Calif, comes back to his home town for a few days visit . . . Johnny Moore's Three Blazers in town and stop off at the record department of Runyon Sales Co. and have their picture taken . . . Bill Wolf, M. S. Wolf Distributing Co., Los Angeles, Calif. expected in town Monday (Oct. 7).

## CALIFORNIA CLIPPINGS

It's congrats and best wishes to Mills Sales Company of Oakland upon the opening of their Los Angeles branch. George Ehr Gott has been named general manager. The firm held open house at their new offices at 2827 W. Pico Blvd. on October 4-5 and 6. Coming down from Oakland for the occasion will be Art. H. Bouterious, general manager of the firm, Warren H. Taylor, salesmanager, Dick Eggleston and R. H. Maddern of the freezer division. The firm plans an announcement on the opening of their new offices in Portland soon.

Lots of news along coin row this past week, with Jack Gutshall releasing an announcement of his appointment as Packard Distributor for Southern Cal and the announcement of the resignation of Charlie Washburn as Packard Regional rep. Jack was very happy over his new appointment and immediately left on a ten day hunting trip going out after a load of Deer . . . Paul Laymon has really gone to town in his showrooms by having the place completely redone in most attractive colors. Paul bought a lot, had plans made and obtained building permits to erect a very swell new building, but with the coming of restrictions he temporarily abandoned his plans to build and is redecorating his present showrooms and offices. Paul expects to receive the new Bally "Triple Bell" console shortly.

Bill Wolf of M. S. Wolf Distributing Co. is in Chicago working on a few red hot deals; then he is to meet Harry Banks of Cosmo Records in New York. Just talked to Al Silberman, and Al informs us that Bill is due back this week and is very happy over some very good news he has . . . Len Micon of Pacific Coast Distributors is displaying the new Packard "Hideaway." He tells us that the many music ops who have been in to see the new unit are very pleased and are clamoring for early delivery. "A new shipment of the H. C. Evans "Winter Book" console is on the way," Len says, "and should be here in a few days."

Listened to one of the most interesting war experiences of an ex-soldier and new music op, Joseph D. Newman of Venice. Joe was a member of the famous O S S, and related many hair raising experiences he had while serving in the underground in France a year before we invaded that country . . .

Max Wiczer of the Wico Corp. (formerly Marcus Parts of Chicago) is due in town this week to look over the firm's new offices and showrooms and spend a few weeks visiting with his brother Morrie, who is managing the local office. Morrie Wiczer informs us that he now carries a complete line of phono plastics and parts.

Among the ops shopping along coin row this past week were: O. C. Watts of Los Angeles; Sammy Esconbedo of Colton; Dean Brown, Glendale; Fred Kohler, Los Angeles; Walter Murra, Downey; Scott Dreyer, Whittier; Art Sternall, Los Angeles; Harold Murphy, Palm Springs; and Howard Lee of Los Angeles . . . Bill Happel of Badger Sales is off to Palm Springs, Arrowhead Springs and Indio, calling on many ops and discussing the new Keeney "Bonus Super Bell." He tells us that he could sell all of the new Keeney games the factory could put out if he could only get delivery. Jack Leonard,

head of the parts department, is working on an elaborate catalogue of parts which will be published and distributed to the ops to simplify selection. Construction is still going on at the new building. The boys are putting the finishing touches to the place and promise to have it ready within the next six weeks. They hope.

We hear via the grape vine that A. M. Moss, of M. S. Wolf of Portland, is a proud new poppa. Keepin' secrets, eh Moss? . . . Jimmy Rutter of Operators Service has just returned from a quick trip to Chicago where he displayed his new game. Jimmy tells us that he was well received by all manufacturers and that he hopes to be able to work out a deal to have the game made . . . J. M. Harvey recently joined the M. S. Wolf Distributing Co. and has left for Seattle where we hear he will take over the managership to relieve Mrs. Golden Williams who is to return to the Los Angeles office. Mrs. William took over the Seattle office temporarily . . . Bud Parr of Solotone has just returned from a two week trip thru the East. Bud reports that the sales of the new timed music box are zooming daily.

Len Kelly of K. & M. Distributors leaves for Omaha this week to set up offices in that city. Len then plans on a trip to Louisville, Kentucky with a view toward opening an office in that city. The boys are expanding right along . . . Nels Nelson has been doing a land office business on motor rewinding for the many music ops hereabouts. He informs us that he has been taking many orders for "Phonette," the measured music box . . . We hear that Ed. Johnson of the Automatic Bowling game "Strikes and Spares" has been in the hospital the past week for a complete checkup. Ed is out now and feeling ok . . . Gabe Orland of California Music is back in the hospital for another leg operation. He has a badly infected leg, the result of a recent operation which has failed so far to heal properly. Our best wishes are with him for a speedy recovery.

Ray Powers of E. T. Mape recently received a large shipment of good used phonos which he is having reconditioned and refinished for resale to music ops . . . Aubrey Stemler plans on a few changes within his organization and expects to make an announcement soon. Aubrey tells us that sales of the Bally "Victory Special" and "Derbys" are increasing in demand with sales increasing daily . . . Quality Pics have just finished shooting a new series of 16 MM movies for distribution to coin film ops

Ben Ellison of Hollywood International Records is just about all set to go with his vast distribution organization and promises an announcement will be forthcoming soon . . . Fred Gaunt of General Music informs us that he is selling many times over the number of Solotone boxes he can get his hands on. Fred has some new games on hand and will make delivery shortly. "Get your orders in early," he advises ops . . . Capitol Records, long a favorite with music ops, are becoming more plentiful to the trade under the new method of distribution. "We have always done everything possible to help the music operator and will continue to do so in the future," says Mr. Floyd Brittaker, general sales manager.

LaFleur of Devils Lake, North Dakota in Minneapolis visiting some of the distributors and telling about his wonderful drive to Massachusetts to visit his daughter who is going to school there. The trip wasn't so bad because he was driving a 1946 Cadillac . . . Benny Daniels, just returned home after spending a couple of weeks in New York vacationing. Benny was very fortunate in seeing the Tony Zale-Graziano fight . . . Harry Lerner on the job again after being laid up with a very bad cold.

Fred Kirschman of St. Cloud in town for a couple of days calling on distributors . . . Bill Hunter of Wheaton, Minnesota was also in Minneapolis for the day. Flew down in one of his planes . . . Mr. and Mrs. G. C. Johnson of Menomonie, Wisconsin were in town for the day. They had just returned from Milwaukee and were very anxious to get back home and catch up on some much needed sleep.

## PITTSBURGH

Sam Strahl, who keeps things moving around American Coin-A-Matic is selling all types of machines. And Fast. Which probably accounts for the yard wide smile Sam is a-wearin' these days . . . Hymie Rosenberg, from New York, was a recent visitor, caught in a huddle with Sam, they were viewing American Coin-A-Matic's huge stock of latest hit records.

B. D. Lazar reports that Suprliner is meeting with the response predicted some time ago by B. D. A new counter game by Genco, the "Whiz", is rapidly deteriorating B. D.'s second large shipment. B. D. has a surprise announcement to the ops, he has agreed to make it public very soon . . . Joe McGlenn & McGlenn Dist. Co. are slamming Williams "Dynamite" all over their territory. Also Columbia Bell's and Bally machines are moving, Joe says, in high gear . . . Sam Horvitz, the man at Acme Novelty Co., says "I'm not breaking any record, but am quite well satisfied with progress."

Henry (Herky) Jasek and running mate Ted Katula, local ops, were recent early birds at Pittsburgh Coin Machine Exchange . . . Fritz Hartman, well known Baldwin Township op, hustled Lou Popkins into a corner. The smiles and gesticulating gave it away, Fritz got some machines for his fast growing territory. Meyer Popkins reports continued fast turnovers of new equipment, Meyer says "the darn stuff goes out faster than we can get it in".

Ben Long of Mulligan Dist. Co. is out on the road again, Ben thinks the new Airon installations should click. Especially after the successful conclusion of the firm's six weeks training course, in proper servicing and maintenance of an Airon . . . "The Coin Machine Workers Union", organized about three weeks ago, is now coming out into the open supporting an intensive membership drive. Reports have it, the new venture is approximately 20 members strong.

More ops have been seen around distributors this week than at any time in months—picking up tickets for ball games, hopefully looking for machines, etc. Seen in various spots were John LaBan, Cesar Pollonow, Fred Pollonow, Abe Jeffers, Mike Ogilvy, and many of the old timers who have been holed up too busy to hit the circuits.

Down in LeMay, operator Al Francisco has made an interesting deal—he has three pinball machines mounted on wheels, which do day service in an arcade and are switched to a popular tavern in the evening. "Same as six machines" Al reports. He tows them five blocks every evening behind a recently purchased jeep . . . No new phonographs were delivered during the week past; a surprising development in view of the 40 or more which went out during early September. Ideal Novelty Company is promising its patient, waiting customers 25 new machines in one shipment by October 10. Over at Olive Novelty, a similar top shipment is anticipated.

New devotees of the gee-gees are Tex Scruggs, Art Heimke, Bernard and Vasil Neil, and Carl Trippe, who were out in force at Fairmount race track last week. Jack Jansen, opulent operator from Effingham, Illinois, entered I Risk, a likely horse, who immediately won two straight races for his new owner . . . Abe Jeffers, veteran op who is invariably lobbying for improvements in the trade, has announced that he will concentrate entirely on pingames in the future. Abe has shuttled in and out of various business, selling his former cigarette vending route to Star Novelty Company, then his restaurant to a food service chain, etc. Currently he has a top string of pin games.

Lee Turner has bought out Ben Spasser's topflight operating route, in its entirety, while Ace Distributing Company will continue to operate under Abe's thumb. Rumor hath it that an awful lot of dough changed hands . . . Frank Murphy is jubilant over the reception AMI phonos are getting within a few weeks of the first showing—more than 200 inquiries and orders showing up quickly . . . A good idea of the competition for routes was the recent opening of the 57th Fighter Wing officer's club at Lambert Field near St. Louis. Announcing the need for machines, the club officer was deluged with 20 operators in a few week's time. Two phonographs, two pinballs and a few other items were put in during September.

## BOSTON

Si Redd of Redd Distributors keeping mum on recent big music deal. Local coinmen expect startling developments in New England music distributorship when Si decides to loosen up . . . Dave Bond and Al Sharenow are to co-captain a coin machine team in the Combined Jewish Appeal drive now underway. Around 20 local ops were on hand at the Fox and Hounds last week for a pre-drive dinner to get the ball rolling. All were quite pleasantly surprised by pledges totaling over \$14,000. A very snappy start. Lew Riesman, Lew Blatt, Mike Bond, Sid Wolbarst, Phil Peraner, Bert Klapper, Charlie Wertheimer, Paul Manos were among those present, plus captains Bond and Sharenow, of course.

Trimout employees have pried the lid off the bowling season with the whole staff out to cop the prizes donated by their proprietor, Dave Bond. Tuesday night has been set for the competition with bowling usually preceded by a dinner or social gathering. Top prize will be a \$15 cash award to one with best season average, second prize \$10 and third prize \$5; to bowler with the highest individual game will go a bottle of Scotch. Should make for a lot of sport from now to April.

Jimmy Bazzinotti, Pioneer Music representative at Cape Cod during the summer, checked in last week with season all wrapped up. Jimmy reports that biz was good for '46 but that he really planned to go to town in '47. "Next summer should top everything," he predicted . . . Billy Wells at Apex revealed that Seymour Bushell checked into Boston during the week. Seymour drove up from New Britain not so much on business as to see his mother who has been recuperating from an illness in a Boston hospital.

M. Blackman of Blackies is the third New England coinman to use a plane on service calls. Blackie flies a Cessna two-seater and covers a hundred mile territory about Boston. He convinced Henry Factoroff, sales head at Assoc. Amusements, of its great economy in servicing out-of-town locations and revealed that he can service a client 100 miles from Boston as economically as one only 20 miles distant. The other two coinmen using personal planes are Art Strahan of Mohawk Music Service, Greenfield, Mass., and Leo Pelletier of Fort Kent, Maine. Leo will put skis on his plane come winter so he can light on small fields.

Jack Garlier of Buffalo, N. Y., Mr. Douglas from Daval Mig. Company in Chicago, and Dave Bond had a recent conference with Ed Ravreby at Associated Amusements on plans for the \$1,000 fund raising drive for the Salvation Army. Boston coinmen have been asked to support the cause. Direct appeal had not yet been made, but all are confident that the '46 quota will be reached.

**THESE SOLOTONE BOXES CAN EARN**

**\$ 80.00**

Solotone gives you the biggest opportunity to make more money than has ever been possible in music merchandising.

Study the photograph above.

Each Solotone box in this location earns 5c for each 6 minutes of music. There are 20 boxes in the location, all of them wired into a central music source. For each 5c any one of the boxes will play 6 numbers of low volume music which can only be heard in the immediate vicinity of that *particular* box. Any number of boxes can be playing at once but each one requires a 5c or 10c deposit. This means that there is a potential take in this one location (and in thousands of other locations like it) of a solid \$10 per hour, day in and day out.

If this is the kind of money you are interested in talking about, come to headquarters for all the dope. Phone or wire us today.
